This book examines and establishes the sociological relevance of the concept of populism and illuminates the ideological use of sport, leisure, and popular culture in socio-political populist strategies and dynamics. The first part of the book — Themes, Concepts, Theories — sets the scene by reviewing and evaluating populist themes, concepts, and theories and exploring their cultural-historical roots in and application to cultural forms such as mega-sports events, reality television programmes, and the popular music festival. The second part — National Contexts and Settings — examines populist elements of events and regimes in selected cases in South America and Europe: Argentina, Brazil, Greece, Italy, and England. In the third part — Trump Times — the place of sport in the populist ideology and practices of US president Donald Trump is critically examined in analyses of Trump's authoritarian populism, his Twitter discourse, Lady Gaga at the Super Bowl, and populist strategy on the international stage. The book concludes with a discussion of the strong case for a fuller sociological engagement with the populist dimensions of sport, leisure, and popular cultural forms. Written in a clear and accessible style, this volume will be of interest to sociologists and social scientists beyond those specialising in popular culture and cultural politics of sport and leisure, as the topic of populism and its connection to popular cultural forms and practices has come increasingly into prominence in the contemporary world.

The Italian love affair with sport is passionate, voracious, all-consuming. It provides a backdrop and a narrative to almost every aspect of daily life in Italy and the distinctively pink-coloured newspaper La Gazzetta dello Sport is devoured by almost half a million readers every day. Narrating the history of modern Italy through its national passion for sport, Sport Italia provides a completely new portrayal of one of Europe's most alluring, yet contradictory countries, tracing the highs and lows of Italy's sporting history from its Liberal pioneers through Mussolini and the 1960 Rome Olympics to the Berlusconi era. By interweaving essential themes of Italian history, its politics, society and economy with a history of the passion for sport in the country, Simon Martin tells the story of modern Italy in a fresh and colourful way, illustrating how and why sport is so strongly embedded in both politics and society, and how it is inseparable from the concept of Italian national identity. Showing sport's capacity to both unite and deeply divide, this book reveals a novel and previously unexplored element of the history of a society and its state, which will be an essential read for sports fans, historians and students alike.

Il pianeta Taphaa è diviso in sei regni molto diversi tra loro, i cui rapporti sono sporadici a causa della minaccia dei Ghrome, mostruose creature che infestano le regioni di confine. Il re di Permafrost, il regno dei ghiacci, propone agli altri sovrani una competizione volta a incrementare i commerci tra i regni, con il nome di Organizzazione Mondiale del Commercio (O.M.C.). Tutti accettano entusiasti, senza sospettare che dietro l'iniziativa pacifica si nasconda un malvagio piano di conquista. Intanto, nel Regno di Golena, viene radunato per la gara un equipaggio, l'Élite, i cui membri sono dotati di straordinarie abilità. Nel corso del loro insidioso viaggio, scopriranno la Storia dimenticata dei sei regni e le trame che si celano sotto l'O.M.C., e si troveranno a fronteggiare gravi pericoli.

Frank Capra (1897-1991) è uno dei grandi maestro del cinema del Novecento e ha celebrato come nessun altro sul grande schermo l'american way of life degli anni Trenta e Quaranta, con capolavori quali È arrivata la felicità (1936), Arsenico e vecchi merletti (1944), La vita è meravigliosa (1946) e Angeli con la pistola (1961). Figlio di contadini siciliani, passa dalla laurea in ingegneria alla macchina da presa, ottenendo nel 1934 la consacrazione vera e propria con Accadde una notte, primo film in assoluto a conquistare i cinque Oscar più importanti (miglior film, miglior regia, miglior sceneggiatura, migliore attore protagonista e miglior attrice protagonista).In questo libro – un'autobiografia avvincente come un romanzo – Capra ripercorre la propria vita, dai duri sacrifici per farsi un'istruzione al trionfo che gli garantì un privilegio fino ad allora riservato solo alle grandi star di Hollywood: fu il primo regista a poter vantare in apertura dei suoi film «il nome sopra il titolo». Con un'introduzione di Fabio Stassi e una nota di John Ford.

Seconda raccolta delle osservazioni di Baricco sulla società dello spettacolo e lo spettacolo della società.
