Among the most enlightening books I read was "A Woman Rides the Beast", by Dave Hunt. I left the Catholic Church 50 years ago and never looked back. In my belief, many Catholics are Christians saved by Jesus Christ, but many are not because of the teachings of the Catholic Church.

No one doubts this, not even James White or Christian apologetics groups such as CRI, and no one considers Dave Hunt a Church Father, much less a careful scholar or theologian. Ask James White himself if he would recommend that Roman Catholics read Hunt's *A Woman Rides the Beast* for an accurate critique of the Catholic faith or Church history. Are you missing half the story about the last days? Virtually all attention these days is focused on the coming Antichrist—but he is only half the story. Many people are amazed to discover in Revelation 17 that there is also another mysterious character at the heart of prophecy—a woman who rides the beast. Who is this woman? Tradition says she is connected with the church of Rome. But isn't such a view outdated? After all, today's Vatican is eager to join hands with Protestants worldwide. "The Catholic church has changed" is what we hear. Or has it? In *A Woman Rides the Beast*, prophecy

expert Dave Hunt sifts through biblical truth and global events to present a well-defined portrait of the woman and her powerful place in the Antichrist's future empire. Eight remarkable clues in Revelation 17 and 18 prove the woman's identity beyond any reasonable doubt. A provocative account of what the Bible tells us is to come.

"There shall come in the last days scoffers, walking after their own [desires]. . . saying, Where is the promise of his coming? for since the fathers fell asleep, all things continue as they were from the beginning of the creation." --2 Peter 3:3-4 More than two decades after the original printing of this book, Dave Hunt's insights are clearer than ever. During the 1970s when The Late Great Planet Earth was outselling everything, the Rapture was the hot topic. Pastors preached about heaven, and Christians eagerly anticipated being taken up at any moment to meet their Lord in the air. When Christ didn't return, and the 40 years since the establishment of a new Israel in 1948 expired without the fulfillment of prophesied events, disillusionment began to set in. Today, a growing number of Christians are exchanging the hope of the Rapture for a "new" hope--that Christians can clean up society and elect their own candidates to political office to make this world a "heaven on earth." Bestselling author Dave Hunt probes the question "Whatever happened to heaven?" thoroughly and provides an easily understandable explanation of all the many issues and beliefs. Hunt shows us that heaven is really our home and brings fascinating new clarity to why we lost that hope and how it can be regained.

The counterfeit Christ -- When they say "peace and safety"--Fulfillment in our day? -- The last of the "last days"? -- A united Europe : stepping-stone to global peace? -- Daniel's remarkable prophecy -- Two great mysteries -- The revived Roman empire -- Emperors and popes -- The "whore of Babylon" -- Communism, Catholicism, and world destiny -- Ecumenism and the coming new world order -- Ecological concern and global peace -- Was Jesus of Nazareth really the Christ? -- A question of timing -- A tale of two comings -- The Arab-Islamic-Israeli question -- That mysterious Trinity -- Christ and Antichrist in final conflict -- Preparation for delusion -- The Christian's hope.

It is astonishing how many millions of otherwise seemingly intelligent people are willing to risk their eternal destiny upon less evidence than they would require for buying a car or even a low-carb food item--yet the belief of so many, particularly in the area of religion, has no rational or factual foundation. With well-researched arguments and compelling proof, this book demonstrates that the issue of where one will spend eternity is not a matter of preference (like joining the Elks instead of the Lions). In fact, there is overwhelming evidence that we are eternal beings who will spend eternity somewhere. But where will it be? And how can we know? There is no more important question to be faced--and answered.

At last, a book that presents in a concise manner the events leading up to the return of Christ. Dave Hunt, in his characteristic direct style, answers these pervasive questions: Who is the Antichrist? How will he be recognized? What current events indicate that we really are in the last days of the "last days"? Using Scripture and up-to-date information, Dave draws the exciting conclusion that, indeed, time is short. He then outlines a biblical response and reminds the reader of the hope we have in Christ. This book instructs, encourages, warns, and strengthens readers to "walk circumspectly, not as fools, but as wise, redeeming the time, because the days are evil" (Ephesians 5:15,16). Table of Contents: 1. The Ultimate Falsehood 2. Peaceful Words, Provocative Deeds 3. Are We There Yet? 4. Measuring What Cannot Be Measured 5. Infinite Mystery, Perpetual Joy 6. The Ultimate Hope

Many sincere, Bible-believing Christians are Calvinists only by default. Thinking that the only choice is between Calvinism (with its presumed doctrine of eternal security) and Arminianism (with its teaching that salvation can be lost), and confident of Christ's promise to keep eternally those who believe in Him, they therefore consider themselves to be Calvinists. It takes only a few simple questions to discover that most Christians are largely unaware of what John Calvin and his early followers of the sixteenth and seventeenth centuries actually believed and practiced. Nor do they fully understand what most of today's leading Calvinists believe. Although there are disputed variations of the Calvinist doctrine, among its chief proponents (whom we quote extensively in context) there is general agreement on certain core beliefs. Many evangelicals who think they are Calvinists will be surprised to learn of Calvin's belief in salvation through infant baptism and of his grossly un-Christian behavior, at times, as the "Protestant Pope" of Geneva, Switzerland. Most shocking of all, however, is Calvinism's misrepresentation of God, who "is love." It is our prayer that this volume will enable readers to examine more carefully the vital issues involved and to follow God's holy Word--not man's teachings. "The first edition of this book was greeted by fervent opposition and criticism from Calvinists. In this enlarged and revised edition I have endeavored to respond to the critics." --Dave Hunt

Every Christian should be informed of the true origins and effects of yoga and its ungodly manifestations of Kundalini energy which literally defined means an awakening of the Serpent Power.

Author and lecturer Dave Hunt exposes what he believes is the subtle seduction of the world and church by a resurgent occultism, a reality which is corroborated by increasing suicide, violence, and immorality throughout society.

Why are we here? And where are we going? Does science have an answer to these two most fundamental questions of human existence? Can mankind determine and direct the future of life on earth purely by scientific means? Plagued by the failure of modern science to explain the most pressing questions of human existence, many of today's postmoderns are once again boldly going where man has gone before in a desperate final quest for the hidden "holy grail" of cosmology. Erwin Schrödinger, the famed Austrian theoretical physicist who received the Nobel Prize in 1933 for his contributions to quantum mechanics, confided: "[Science] knows nothing of . . . good or bad, God and eternity. . . . Whence came I and whither go I? That is the great unfathomable question. . . . Science has no answer to it." Echoing this dilemma, British astrophysicist Sir Arthur S. Eddington, famous for his work on the theory of relativity in the early 20th century, also reasoned: "Thus, in the physical world, what a body does and what a body ought to do are equivalent; but we are well aware of another domain where they are anything but equivalent. . . . There is a clear distinction between natural law, which must be obeyed, and moral law, which ought to be obeyed. Ought takes us outside of physics and chemistry." Postmodern thinkers take pride in the perpetual pursuit of knowledge--but the questions for readers now holding this book are clear: How will you recognize the seemingly elusive chalice of "ultimate truth" when it actually appears? And finally, what will you do with it when this coveted cup is within your grasp? In a sweeping panorama of inquiry and exploration, the timeless quest within these pages leads grail-seekers and skeptics alike to a destiny-altering consideration of the cosmos--and the question of human existence.

"Wherefore he saith, Awake thou that sleepest, and arise from the dead, and Christ shall give thee light. See then that ye walk circumspectly, not as fools, but as wise, redeeming the time, because the days are evil." (Ephesians 5:14-16) Throughout Scripture we are counseled to live at all times with the understanding that life on this earth is very brief and that it is followed by an eternal existence of either indescribable bliss in God's presence or unbearable agony in separation from Him. . . . A new heaven and a new earth inhabited by a new race descended from a new Adam, Jesus Christ Himself! That is God's purpose and it is staggering to contemplate. From this perspective, it is ludicrous to imagine that the church, by organizing conservative voters or even by preaching the gospel, is going to establish God's kingdom. . . . This realization puts us on our faces before God in wonder and worship, and causes us to yield ourselves wholeheartedly to His will. This "prophetic alarm" for the Bride of Christ will awaken your spirit to the reality of God's purpose and plan for mankind -- and will renew your passion to plug into God's plan of repentance, redemption, and restoration of all things.
