Living Science for Classes 9 and 10 have been prepared on the basis of the syllabus developed by the NCERT and adopted by the CBSE and many other State Education Boards. Best of both, the traditional courses and the recent innovations in the field of basic Physics have been incorporated. The books contain a large number of worked-out examples, illustrations, illustrative questions, numerical problems, figures, tables and graphs.

Builds on early reading skills to help children master the reading and writing of phrases that combine similar-sounding consonant and vowel combinations in a volume that offers tracing and pronunciation games involving such example phrases as "grab the grape" and "ride the bike." Original.

S Chand's Science is series of three books for Classes 6 to 8, based on CBSE curriculum. The books have been written in simple and lucid language so that students can understand complex scientific concepts easily.

The Series, CCE Awareness Social Sciences for the classes VI, VII and VIII, is based on the syllabus as specified by National Council of Educational Research and Training (NCERT) for the latest sessions

This title offers comprehensive yet simple explanations for scientific terminology across various disciplines. With definitions that are precise and easy to understand, this is a handy reference for young students seeking clarity on complex scientific terms.

An enchanting collection of stories from the heartland of India Ruskin Bond ' s simple characters, living amidst the lush forests of the Himalayan foothills, are remarkable for their quiet heroism, courage and grace, and age-old values of honesty and fidelity. Residents of nondescript villages and towns, they lead lives that are touched by natural beauty as well as suffering—the loss of a loved parent, unfulfilled dreams, natural calamities, ghostly visitations, a respected teacher turned crooked, strangers who make a nuisance of themselves—which only reinforces their abiding faith in God, family and neighbour. Told in Bond ' s distinctive style, these stories are a magnificent evocation of an India that may be fast disappearing.
