market-leading PERSONAL FINANCIAL PLANNING, 13E, provides students with the tools, techniques, and understanding they need to define and achieve their financial goals. The book follows a life-cycle approach--addressing financial plans, assets, credit, insurance, investment, and retirement--as individuals and families progress through life. The latest updates reflect the most recent financial developments and research--from new tax laws and the latest financial data to professional financial advice that considers the impact of the recent global financial crisis. The 13th edition is packed with new information relevant to today's students--for example, changing spending
