This publication covers solutions to CSEC Mathematics Past Papers for January and June examinations for the period 2005-2019. Some solutions are deliberately expressed in more detail than what is usually required at an examination level, so as to enhance a deeper and fuller understanding of the mathematics involved.

These resources have been created for the Cambridge IGCSE® and O Level Additional Mathematics syllabuses (0606/4037), for first examination from 2020. This coursebook gives clear explanations of new mathematical concepts followed by exercises. This allows students to practise the skills required and gain the confidence to apply them. Classroom discussion exercises and extra challenge questions have been designed to deepen students' understanding and stimulate interest in Mathematics. Answers to coursebook questions are in the back of the book.

A seven-level series that has been written for use in Australian Primary schools. It has been designed to address the outcomes for each state from the main curriculum strands of: number (including patterns and algebra for NSW), measurement, space, chance and data, working mathematically / reasoning and strategies.
