This compelling account concludes Nobel Prize–winner Aleksandr Solzhenitsyn’s literary memoirs of his years in the West after his forced exile from the USSR following the publication of *The Gulag Archipelago*. The book reflects both the pain of separation from his Russian homeland and the chasm of miscomprehension between him and Western opinion makers. In *Between Two Millstones*, Solzhenitsyn likens his position to that of a grain that becomes lodged between two massive stones, each grinding away—the Soviet Communist power with its propaganda machine on the one hand and the Western establishment with its mainstream media on the other. Book 2 picks up the story of Solzhenitsyn’s remarkable life after the raucous publicity over his 1978 Harvard Address has died down. The author parries attacks from the Soviet state (and its many fellow-travelers in the Western press) as well as from recent émigrés who, according to Solzhenitsyn, defame Russian culture, history, and religion. He shares his unvarnished view of several infamous episodes, such as a sabotaged meeting with Ronald Reagan, aborted Senate hearings regarding Radio Liberty, and Gorbachev’s protracted refusal to allow *The Gulag Archipelago* to be published back home. There is also a captivating chapter detailing his trips to Japan, Taiwan, and Great Britain, including meetings with Margaret Thatcher and Prince Charles and Princess Diana. Meanwhile, the central themes of Book 1 course through this volume, too—the immense artistic quandary of fashioning *The Red Wheel*, staunch Western hostility to the historical and future Russia (and how much can, or should, the author do about it), and the challenges of raising his three sons in the language and spirit of Russia while cut off from the homeland in a remote corner of rural New England. The book concludes in 1994, as Solzhenitsyn bids farewell to the West in a valedictory series of speeches and meetings with world leaders, including John Paul II, and prepares at last to return home with his beloved wife Natalia, full of misgivings about what use he can be in the first chaotic years of post-Communist Russia, but never wavering in his conviction that, in the long run, his books would speak, influence, and convince. This vibrant, faithful, and long-awaited first English translation of *Between Two Millstones*, Book 2, will fascinate Solzhenitsyn’s many admirers, as well as those interested in twentieth-century history, Russian history, and literature in general.

Americans today choose from a dizzying array of schools, loosely lumped into categories of "public" and "private." How did these distinctions emerge in the first place, and what do they tell us about the more general relationship in the United States between public authority and private enterprise? In *Public vs. Private*, Robert N. Gross describes how, more than a century ago, public policies fostered the rise of modern school choice. In the late nineteenth century, American Catholics began constructing rival, urban parochial school systems, an enormous and dramatic undertaking that challenged public school systems' near-monopoly of education. In a nation deeply committed to public education, mass attendance in Catholic schools produced immense conflict. States quickly sought ways to regulate this burgeoning private sector and the competition it produced, even attempting to abolish private education altogether in the 1920s. Ultimately, however, Gross shows how the public policies that resulted produced a stable educational marketplace, where choice flourished. The creation of the educational marketplace that we have inherited today—with systematic alternatives to public schools—was as much a product of public power as of private initiative. Gross also demonstrates that schools have been key sites in the development of the American legal conceptions of "public" and "private." Landmark Supreme Court cases about the state's role in regulating private schools, such as the 1819 *Dartmouth v. Woodward* decision, helped define and redefine the scope of government power over private enterprise. Judges and public officials gradually blurred the meaning of "public" and "private," contributing to the broader shift in how American governments have used private entities to accomplish public aims. As ever more policies today seek to unleash market forces in education, Americans would do well to learn from the historical relationship between government, markets, and schools.

Exam board: OCR Level: A-level Subject: Law First teaching: September 2017 First exams: Summer 2019 This student book will be selected for OCR endorsement process. Accurately cover the breadth of content in the new 2017 OCR A Level specifications with this textbook written by leading A Level Law authors. This engaging and accessible textbook contains complete coverage of the full A Level specification. From leading law authors Jacqueline Martin, Richard Wortley and Nicholas Price, it is comprehensive, authoritative and updated with important changes to the law. - Book 2 covers the A Level material beyond AS. - Important, up-to-date and interesting cases and scenarios highlight key points. - Discussion and activity tasks increase your students' understanding of more difficult concepts. - Practice questions and self-test questions to help your students prepare for their exams. This student book includes: - Criminal Law (Additional A Level content) - The Law of Tort (Additional A Level content) - The Nature of Law - Human Rights Law - The Law of Contract Authors: - Jacqueline Martin LLM has ten years' experience as a practising barrister and has taught law at all levels. - Richard Wortley is Director and Head of Department of the Jill Dando Institute of Security and Crime Science at University College London. - Nicholas Price is an experienced teacher of Law and is an A Level Law textbook author.

Build Economics knowledge through active learning with the latest Powell textbook, featuring quantitative skills practice and brand new case studies. This textbook has been fully revised to reflect the 2015 AQA Economics specification, giving you up-to-date material that supports your teaching and will enable your students to: - Develop subject knowledge with topic-by-topic support from Ray Powell and James Powell, who are experienced in teaching and examining - Demonstrate awareness of current issues in economics through brand new case studies that also help build analytical and evaluative skills - Explain important concepts and issues effectively; key terms throughout the text and in the microeconomic and macroeconomic glossaries help to establish the language of economics - Build quantitative skills with worked examples - Stretch and challenge their knowledge with extension materials - Prepare for exams with practice questions and activities throughout

Fully updated to cover the 2019 exam release! CompTIA's A+ certification is an essential certification to building a successful IT career. Test takers must pass both 90-question exams to be certified, and this book—plus online test bank—will help you reach your certification goal. The 9 minibooks map to the exam’s objectives, and include new content on Windows 10, Scripting, Linux, and mobile devices. You'll learn about how computers work, networking, computer repair and troubleshooting, security, permissions, and customer service. You'll also find test-taking advice and a review of the types of questions you'll see on the exam. Use the online test bank to test your knowledge and prepare for the exam Get up to speed on operating system basics Find out how to manage the operating system Discover maintenance and troubleshooting tips Inside is all the knowledge you need to pass the new A+ exam!

Part 1 describes the care and use of county archives, and the functions of clerk, recorder, and school and fiscal officials. Part 2 details the types of records and locations in each county.

The Penal Code of California forms the basis for the application of criminal law within the state of California. It was originally enacted in 1872 as one of the original four California Codes, and has been substantially amended and revised since then. This book contains the following parts: Part 3 - Of Imprisonment and the Death Penalty, Part 4 - Prevention of Crimes and Apprehension of Criminals, Part 5 - Peace Officers' Memorial, Part 6 - Control of Deadly Weapons
