Following on from the highly acclaimed *Facing Armageddon* and *Passchendaele in Perspective*, *At the Eleventh Hour* recognises that a world was ending in November 1918, and by international collaboration on the 80th Anniversary we learn through this book, what it was like to experience the transition from war to peace. Distinguished historians brilliantly convey a sense of immediacy as the Armistice is recreated and analysed. The reader will not just

young scholars working on vital aspects of modern Irish unionism. Its range is broad, taking in much material (literary, political, cultural, intellectual) which has previously been ignored. Using new and extensive sources, the contributors examine important features of modern unionism and do so in ways which challenge much previous thinking about the subject. The book will be of value to scholars working on any aspect of modern Ireland, and also to students and to a wider public with an interest in Irish history, politics, culture, and society.

This ground-breaking political history of the two Irish States provides unique new insights into the 'Troubles' and the peace process. It examines the impact of the fraught dynamics between the competing identities of the Nationalist-Catholic-Irish

Community on the one hand and the Unionist-Protestant-British community on the other.

Religion is of enduring importance in the lives of many people, yet the religious landscape has been dramatically transformed in recent decades. Established churches have been challenged by eastern faiths, revivals of Christian and Islamic fundamentalism, and the eclectic spiritualities of the New Age. Religion has long been regarded by social scientists and psychologists as a key source of identity formation, ranging from personal conversion experiences to

collective association with fellow believers. This book addresses the need for a reassessment of issues relating to identity in the light of current transformations in society as a whole and religion in particular. Drawing together case-studies from many different expressions of faith and belief - Hindu, Muslim, Roman Catholic, Anglican, New Age - leading scholars ask how contemporary religions or spiritualities respond to the challenge of forming individual and collective identities in a nation context marked by secularisation and postmodern decentring of culture, as well as religious revitalisation. The book focuses on Britain as a context for religious change, but asks important questions that are of universal significance for those studying religion: How is personal and collective identity constructed in a world of multiple social and cultural influences? What role can religion play in creating,

reinforcing or even transforming such identity?

During the 20th Century, Sunday school attendance fell from 55% to only 4% of children. Mission-shaped Children will show you how to turn this statistic around. The book outlines the many obstacles that are currently preventing growth in children's work in the Church, and suggests practical and effective strategies for overcoming these.
