Finally--a safe place to talk about sin. The topic of sin in general has been safe for a while. But here, guided by psychologist Michael Mangis, we get specific by learning to know ourselves and our signature sins--the individual and specific patterns of sin in our life that affect our thoughts, actions and relationships. In these pages, the author empathetically and honestly reflects on the ways we manage our behavior to hide our sin and ignore the true poverty of our hearts. But until we deal with the root of our sin, we will be ruled and fooled by it, and miss the freedom Christ died to bring. Exploring

common forms of sin and then discovering how our own temperament, culture, family and gender affect the way those sins manifest themselves in our lives will lead us to a place of real honesty with ourselves, God and others. But the book doesn't stop there; it also shows ways to combat our sin so that we can change our hearts, not just our behavior. Sin is serious and specific, and it doesn't go away on its own. But here is serious--and safe--help for facing sin and finding freedom in Christ.

Michael Mangis explores why we get stuck in a pattern of sin by looking at how we repeat one core, or signature, sin again and again. He helps us each uncover that sin, and then looks at gender, personality, family background and other influences that shape our sin, offering further help in breaking sin patterns.

This book provides a lively introduction to the exciting discipline of evangelical theology. Aligning with the global Lausanne Movement, the authors identify Scripture and mission as methodological centres of evangelical theology.

Evangelical Theology highlights the key evangelical themes of atonement, conversion, justification, and sanctification, as well as recent developments around trinitarian theology and pneumatology.

Hearts unpacks and demystifies what spiritual growth is and how it unfolds. The aim is to set you on your own path toward genuine, personal spiritual transformation. The book provides all the tools you need--biblical, scientific, and practical--so that you can develop your own pathway for spiritual growth. What is unique about Victor Copan's approach to spiritual growth is that he explores recent findings of brain research as well as scientific research on habit formation and brings them into conversation with the process of spiritual formation. Research on the brain and on habit formation has uncovered significant insights about the process and dynamics of human transformation that can be fruitfully incorporated into our own pursuit of spiritual transformation. Tapping into this research allows us to work in concert with how God designed humans to function--body, soul, and spirit.

The desire for sexual intimacy reflects the divine image in which human beings are made. This deep yearning for communion resides in both the erotic urge for intimacy and the soul's longing for God. The erotic character of Christian faith and spiritual practice shapes nearly every chapter of Christian history as well as the biblical witness to God's passionate desire to be in communion with God's own creation. Yet few Christians read either the Bible or Christian history through that erotic lens. Before Christian communities try to address sexual ethics, the more fundamental theological question demands attention: What can sexual intimacy tell us about God? This book invites reflection on sexual relationships within a broad theological framework marked by creation, fall, and redemption. These classical hallmarks of Christian faith are

proclaimed and enacted at every liturgical celebration of the Eucharist, which offers a compelling way to engage the link between sexual intimacy and the longing for God, or the hoped-for promise of “divine communion.”

In the believers ongoing battle against sin this book offers a breath of fresh air by setting out biblical foundations and offering practical advice.

Jesus tells Peter to forgive "not seven times, but seventy-seven times" (Matt 18:22), and the atoning work of Christ is at the center of Christian thought. Yet many followers of Christ often struggle with offering or receiving forgiveness. The Face of Forgiveness seeks to address this dilemma and present a way forward. How to shows how traditional Western atonement models have frequently failed to deal adequately with the full extent of Christ's victory. Jesus Christ has answered the problem of both human guilt and shame. It is only in facing Christ that we find our sins forgiven and receive a new identity. The author concludes by offering several strategies to aid Christians in understanding and appropriating the fullness of God's loving and forgiving work.

Understanding Our Story presents a concise introduction to the original, transformative thinking of Adrian van Kaam, CSSp, PhD (1920-2007). Understanding our Story culls the most seminal ideas and vocabulary from van Kaam's eleven volumes on formation science, formation anthropology, and formation theology, and provides examples of his theoretical-practical research drawn from everyday life, Scripture, Christian writers, and van Kaam's life story itself. In doing so, it makes his extensive work available to scholars in the field of spiritual formation, and gives all readers the opportunity to utilize his insightful thinking to more fully understand the myriad ways in which God reforms and transforms lives into the image of Christ. In the pluritraditional world in which we live, where so many faith and formation traditions demand our attention, van Kaam's formative spirituality provides a means of respectful dialogue with formationally relevant truths

What should we do when we feel stuck in life? You know how it feels. There's a hurt in your past that is hard to get beyond. There's a bad habit that's difficult to break. There's a setback that is just too tough to overcome. We all have our own unique situations in which we feel "stuck." Americans' favorite suggestions for how to fix our lives—self-help programs, self-esteem techniques, or simple willpower—leave many of us ceaselessly spinning our wheels and feeling just as "stuck" as ever. Vince Antonucci knows what this feels like, and he knows many who have struggled to fix their lives with these dead-end methods. He struggled to get past the pain of a neglectful and angry father. It wasn't until
