Certificate IV in Training and Assessment (TAE40110) provides a nationally recognised qualification for people and organisations that deliver training and assessment services. The MBC Participant Guides have been updated to meet the requirements of the recently endorsed TAE10 Training and Assessment Training Package. They are designed for flexibility and are suitable for on-the-job or off-the-job training, distance learning or for a combination of these. This Participant Guide for Learning Design explains the key learning areas and provides learning activities and assessment tasks for the core units of competency.

Training and Assessment - Theory and Practice, 1e covers all core units and essential elective units of TAE40116 Certificate IV in Training and Assessment. It takes both theoretical and pragmatic approaches to help learners gain essential knowledge and skills through solid and well-researched theories by respected authors. Each chapter is a self-contained unit that offers sufficient volume of learning and volume of assessment to support delivery of training and assessment. Designed as part textbook/part workbook, the A4 spiral bound, full-colour format increases student engagement particularly for visual and experiential learners. A customisable premium Assessment Pack can be purchased separately to help institutions design, develop and administer assessments more effectively and efficiently.
