For courses in First-Year Composition - Rhetoric. Puts inquiry at the heart of good writing We write to learn as much as we do to express what we already know. In his remarkably personal and engaging voice, Bruce Ballenger makes that powerful concept central to The Curious Writer, Concise Edition. The Curious Writer, Concise Edition doesn't read like a textbook or provide a formula for composing essays. Instead, it encourages students to suspend judgment, to ask questions, and to seek answers much like academics do. Yet it covers a wide range of genres beyond the academic essay--narrative, profile, review, ethnography, argument, and more--all with a distinctive approach and "personality" that is lacking in other texts. It also reinforces the assumption that genres are malleable with a new chapter on repurposing or "re-genre-ing." Students love that this book helps them learn to write by pursuing their own curiosity. Teachers appreciate that Ballenger provides ample opportunities for students to develop the habits of mind necessary to become critical thinkers and curious writers. Also available with MyWritingLab(tm) MyWritingLab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts.
