Woodspring Priory is a former Augustinian priory. It is near the scenic limestone promontory of Sand Point and Middle Hope, owned by the National Trust, beside the Severn Estuary about 3 miles north-east of Weston-super-Mare, within the English unitary authority of North Somerset. Many of the buildings are Grade I listed, and the whole site is scheduled as an ancient monument. The priory was founded, by William de Courtney, in the early 13th century, and dedicated to Thomas Becket. The small com

Woodspring Priory - Wikipedia

"Shapwick Heath National Nature Reserve is a magnificent 530 hectare wetland reserve situated at the heart of the Somerset Moors and Levels. It forms part of the 'Avalon Marshes', one of the largest areas of wetland in the UK. This 12-panel fold-out chart features many of the special animals and plants for which this area is justly famous.

Coates English Willow - Visit Somerset - Visit Somerset

The earliest known infrastructure for transport in Somerset is a series of wooden trackways laid across the Somerset Levels, an area of low-lying marshy ground. To the west of this district lies the Bristol Channel, while the other boundaries of the county of Somerset are along chains of hills that were once exploited for their mineral deposits. These natural features have all influenced the evolution of the transport network.
