~~How to Invest in a Recession~~

Rivers, oceans, streams, lakes—it doesn't matter what shape it takes, Em Hansen is terrified of the water. She hasn't shared her phobia with her new husband, Fritz, and when his best friend, Tiny, organizes a month-long, private, white-water rafting trip through the Grand Canyon as a wedding gift, she can't tell him how awful the trip sounds. Fritz and Tiny cobble together a party of fourteen people for the trip, but at the last minute, Tiny finds himself in the hospital and has to miss the trip. He fills his spot with George "Wink" Oberley, ostensibly a geology Ph.D. candidate at Princeton and expert river rafter, but Em immediately suspects there's more to his story. Then the rafting trip Em had been trying so hard to enjoy veers further off course than she had ever expected: Someone disappears from their party, and a dead body washes up downstream. Now it's up to Em to figure out what happened—and whether she and her husband and stepson are sharing rafts, food supplies, and tents with a murderer. Rock Bottom, the latest in Sarah Andrews's beloved Em Hansen series, will delight readers with its breathtaking scenery and riveting mystery.

The road to sobriety is hard, and I don't intend to sugar coat any part of it for you. In this book I will take it back to the beginning. My life was that of a hardcore weekend binge drinker, one blackout night after another. I welcome you into my rock bottom moments, my losing all control, and my putting my life back together, piece by piece. Sober as F\*\*\* is a personal memoir of my first two years of sobriety, but it is not only about becoming sober from alcohol. I was forced to face and accept many sobering realities about myself along the way when I put down the bottle. Everything in my life had to be broken down to nothing in order to rebuild it from the ground up. I would have to acknowledge my unhealthy relationships with men, come to terms with depression and anxiety, and to realize that I had been drowning all of my issues and emotions away, one swig of vodka at a time. In the beginning of my sobriety, I looked for support in many places. All of the books and stories I found never fit what mine looked like. So this one is for all the people out there with stories like mine, looking for reassurance that there can be a light at the end of the tunnel. I was so desperate to find that kind of reassurance during my journey, so I hope my story can be that for you. To the millennial weekend binger, to the young woman so desperate to feel love, to the one losing all hope that things can get better ... This one is for you.

It's a story about love, but not the kind of love you think. You'll see... In the lush and magical Pacific Northwest live two best friends who grew up like sisters: charismatic, mercurial, and beautiful Aurora, and the devoted, watchful narrator. Each of them is incomplete without the other. But their unbreakable bond is challenged when a mysterious and gifted musician named Jack comes between them. His music is like nothing I have ever heard. It is like the ocean surging, the wind that blows across the open water, the far call of gulls. Suddenly, each girl must decide what matters most: friendship, or love. What both girls don't know is that the stakes are even higher than either of them could have imagined. They're not the only ones who have noticed Jack's gift; his music has awakened an ancient evil—and a world both above and below which may not be mythical at all. We have paved over the ancient world but that does not mean we have erased it. The real and the mystical; the romantic and the heartbreaking all begin to swirl together in All Our Pretty Songs, Sarah McCarry's brilliant debut, carrying the two on journey that is both enthralling and terrifying. And it's up to the narrator to protect the people she loves—if she can.

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

This volume spotlights the thinking of millions of "successful" people who excel in other ways, but remain powerless against and under the control of alcohol.

Tytti Vertainen has run out of patience. Staff Writer at the Tapiollinna Times, she has spent enough of her life churning out standard news content to fill a word count. Yesterday her boss, too hungover to care, had let her chase up a promising lead; a police report on some break cables being cut. At the scene of the crime, squatting and peering under the front wheel of the car, she had looked on aghast as she saw the culprit return. A squirrel no less. But fortune takes a turn when she receives a tip-off letter telling her a murder has been committed on the island. Her first question is whose? No body has been found. Undaunted by a lack of clues she jumps to accept the anonymous challenge. If she can keep her enquiries secret and avoid her meddling boss, she might just be able to solve the crime and break the story. The Lazy Days of Temptation is a novel set among the shallow seas and lofty pines of Finland. Detective work soon supplants the frequent cups of coffee as Tytti, jolted from her everyday routine, sets out to find a murderer.

When Harvard Law student, Dylan Ackhart, moves to Boston with her best friend- the last thing she expects to find is Jeremy Mason. Jeremy is sexy, smart, and passionate- and currently the most famous rock star in the world. From the first moment Dylan meets Jeremy, she's attracted to him. But she soon finds the fame and press can wear on you. Plus, Jeremy seems to be hiding things from her- including his relationship with the mysterious blue-haired girl. Tracks takes you on a ride through the not so glamorous side of dating a rock star- sex, drugs, rock and roll.

Tytti Vertainen has a new job as Editor at the Tapiollinna Times, but before she can unpack her pot plant, an islander comes to her in distress. A mysterious spiritual healer has arrived on the island and started to visit cancer patients. Rumour has it, she has been called there by a saint in a vision to heal the sick, but the patients have started to die and possibly not of natural causes. When the spiritual healer refuses to talk, Tytti ' s lie detector begins to yo-yo. Who is this stranger and what does she really want? This is no normal case and Tytti will be forced to be as cunning as her adversary in order to find out what the hell is going on. Sleepy Island Lies is a novel set on the idyllic island of Tapiollinna in the Finnish archipelago; a place where crime is not unheard of, but at least well hidden. A malign presence is threatening the sick and vulnerable. Will Tytti be the one to remedy it?

An inspirational memoir from New York Times bestselling author Sarah Ferguson, Duchess of York, who, after hitting rock bottom, gathered the strength to put her life back together. More than a year ago my life was so off course that I wondered whether I would ever be able to find my way back. I was broken and lost, not even sure where I was, but out of this emotional barrenness I knew I had to find me. And so, I took a journey to find myself and begin the process of healing all the broken places. Finding Sarah is the story of that journey. So begins this extraordinarily personal memoir by Sarah Ferguson, The Duchess of York. She knows, firsthand, what it means to feel lost and she also knows that it is never too late to find your way back, to attain your goal, to take back control of your life and to make a special dream come true. Through intimate diary excerpts and personal emails from friends and family, Sarah opens herself unsparingly. On every page of this book you will hear from her " real-life angels " —Dr. Phil McGraw, Suze Orman, Martha Beck, and many more—as they help her get to the root of her problems, from comfort eating to self-loathing, from reckless overspending to notorious mishaps. Sarah hopes that her experiences will inspire you to look closely at your own life and how you wish to improve it, then encourage you to follow your instincts and find your true path. Sarah Ferguson did, and so can you.
