Articulation in Music: Types & Notation - Video & Lesson ...

Last Modified Date: August 30, 2020. Articulation worksheets are learning materials primarily used by speech therapists to help children and adults who have speech disorders learn to enunciate individual letter sounds, blends and words. Depending on the age of the individual receiving speech therapy services, articulation worksheets might contain only pictures; letters or words with pictures; or only words or letter blends, such as "bl" and "tr."

You'll never be at a loss for words with Articulation Quick Take Along!, a must-have resource for the busy speech-language pathologist. Move quickly from setting to setting with one book that fits easily in your pocket, purse, or lab coat. Sturdy, laminated pages are long-lasting and the color-coded words lists are easy to read. Small 5" x 3" book is spiral-bound, so you can easily flip pages and keep it open to the page you're working on. Use the word lists as quick artic sessions (great for Tier I and II interventions), informal screeners, or as stimuli while playing games. 1,386 words 18 or more words per sound position (Initial, Medial, and Final) 24 sounds: B, CH, D, F, G, H, J, K, L, L Blends, M, N, P, R (vocalic), R Blends, S, S Blends, SH, T, TH, V, W, Y, and Z Laminated pages for long-lasting use

HearBuilder® Following Directions Fun Sheets contains hands-on color, cut, and paste activities for students to practice following oral directions with basic concepts. This 210-page reproducible workbook includes five sections: Basic directions (Cover the guitar.) Sequential directions (First color the dog, then color the jump rope.) Quantitative and spatial directions (Cover the third car.) Temporal directions (Put a train in the box before you put a horse in the box.) Conditional directions (If a plane and a doll are in a box, put the box in the toy store.) These worksheets are companion activities to reinforce the tasks in the HearBuilder® Following Directions interactive software program. The sections in the workbook directly correspond to the five activities in the HearBuilder® Following Directions software. The hands-on activities in this book encourage students to transfer the skills learned on the computer to tasks completed with an adult. Each section contains 20 lessons&two lessons for each objective. The first lesson for each objective uses pictures and vocabulary taken from the HearBuilder® Following Directions software. The second lesson for each objective addresses the same skills using general preschool to third-grade vocabulary. The activities in this book include the following basic concepts: Colors & red, blue, green, yellow, purple, orange, brown, white Quantities & one, two, all, both, either, except, or, and, don&t, not Sequences & first, second, third, then, next, last, finally, fourth, fifth Shapes & circle, square, triangle, star Size & large, small, long, short Time & before, after Spatial Relationships and Positions & first, second, third, last, between, beside, next to, above, below, inside, in front of, on, in, behind Each lesson includes a list of materials needed, the lesson objective, teacher directions, and specific instructions.

Provides a series of sections with exercises for students who have difficulty with language and language comprehension in a specific area.

Reproducible workbook for use in therapy or home programming. Goes hand-in-hand with 20 Webber Fun Decks in the areas of Grammar, Reasoning/Thinking and Semantics. Motivational activities include: games, coloring, listening activities, cut and paste pages, puzzles, stories and sorting tasks.
