Step 1: All projects should start with a project kick-off session. Assuming the project has a business sponsor, a process owner is identified and it has been deemed a project suitable for BPM, the first step is the project kick-off. Kick-off meeting roles should clearly be defined for all participants.

## **Implementing BPM | Business Process Reengineering**

Business process re-engineering is a business management strategy, originally pioneered in the early 1990s, focusing on the analysis and design of workflows and business processes within an organization. BPR aimed to help organizations fundamentally rethink how they do their work in order to improve customer service, cut operational costs, and become world-class competitors. BPR seeks to help companies radically restructure their organizations by focusing on the ground-up design of their business
