Mercury Smartcraft Systems Monitor Installation

The outstanding warranty coverage on Mercury engines also extends to the controls and rigging components on your boat. If your builder or dealer uses genuine Mercury gauges and controls when installing the new engine on your boat, the warranty coverage for those rigging components now matches the total warranty of your engine.

Gauges & Displays MercMonitor | Mercury Marine

NOTE: This manual shows all the Monitor display screens that are available. Depending on your type of engine, not all these screens will apply. Monitor with Software Version 1.01 and 1.02 is compatible with: 2001 model year and newer Mercury Outboard models that are designed for use with SmartCraft.

Operation Manual

Mercury's patented Joystick Piloting System delivers 360 degree directional control. The Skyhook Digital Anchoring System holds your boat in a fixed position regardless of wind or current. Active Trim is the only auto-trimming program that uses GPS and speed. SmartCraft DTS (Digital Throttle & Shift) delivers precise and smooth handling with instant response and total control.

Gauges & Displays | Mercury Marine

Engine Guardian System: Monitors the critical sensors on the engine for any early indication of problems. The system will respond to a problem by reducing engine speed and alerting the operator to a potentially damaging situation. Warning system: The system sounds the warning horn and displays the warning "AL" in the right corner of the "Main Menu"
